

Sail Repair Kit

The contents of your sail repair kit will depend on the sails you carry and on how self-reliant you need to be (are you river sailing or doing extended bluewater cruising?) Some suggestions for a basic kit are listed below.

Tools

Palm
Awl
Scissors

Supplies

Sail repair tape (Dacron, spinnaker, and/or mylar tapes, depending on your sails)
Slugs/Slides and webbing (to match the slides on your sails)
Needles
Waxed thread
Telltails
Insignia cloth (useful for spreader patches or any chafe areas on the sail)

Canvas Repair Kit

Cleaning supplies for your boat canvas will vary greatly depending on the type of vinyl or fabric and the manufacturer's instructions. Our guidelines are listed below.

Snap setter tool (for replacing old snaps)
Tear-Aid (bandaid for canvas)
Top Snapper (assists you in snapping those hard to snap dodgers)
303 Aerospace cleaner
Fabric Guard
Glass cleaner and polisher

503-282-4282
